Highway 410 Shooting Regulations

Target shooting is only permitted on National Forest Lands if it is done SAFELY!

It is prohibited:

- To shoot from or across any roadway or any trail. (36 CFR 261.10D)
- To shoot into or across any rivers, streams, or bodies of water. (36 CFR 261.10D)
- To shoot within 450 feet of any campsite, residence, building, developed site, or other potentially occupied area (including roads and trails!) (36 CFR 261.10D)
- To shoot into any cave. (36 CFR 261.10D)
- To shoot in any manner that might expose any people or property to injury or damage. (36 CFR 261.10D)
- To shoot in a manner that destroys or damages any property or natural resource of the United States (including trees, signs, stumps, buildings) (36 CFR 261.9A)
- To shoot any incendiary rounds or tracer bullets. (36 CFR 261.52B)
- To shoot any explosive targets, including propane/fuel tanks and Tannerite. (36 CFR 261.52B)

REMEMBER!

- Always shoot towards a backstop large enough to stop all rounds!
- Trees, stumps, and brush are not adequate backstops, and shooting them is considered resource damage.
- Glass objects, appliances, and other irregular targets are safety hazards, and should not be used.
- Shooting food items can cause lead poisoning to animals that eat it after you leave.
- Leaving behind debris or garbage of any kind (including shell casings) is a violation of USFS regulations.
- Failure to remove all debris and garbage may result in shooting areas being closed permanently!

Citations can be issued for violations of target shooting regulations under US CFR Title 36.
